ODOURLESS

Drying 4x faster than a regular rag, the CleanliiCloth doesn't let bacteria grow and therefore never stinks!

THE CLEANLII- CLOTH

ABSORBANT

The CleanliiCloth can absorb up to 20 times its weight in liquid!

BIO-DEGRADABLE

Made from 70% Cellulose and 30% Cotton, the CleanliiCloth is 100% biodegradable!

AquaVida (JANS)

Technologie

Technology

le produit principal de l'entreprise est basé sur la technologie, comme une application, un site web éducatif ou interactif, ou un jeu. Il est peu probable que des ventes de produits aient lieu pendant la durée du programme, mais d'autres fonds sont collectés pour soutenir le développement. Certaines entreprises peuvent créer un prototype fonctionnel à la fin du programme.

the primary product of the company is technology-based, like an app, educational or interactive website, or a game. Product sales are unlikely to occur during the Company Program timeframe, but other funds are raised to support the development. Some companies may create a working prototype by the end of the program.

Tapi (JACO) (Gagant)

Entreprise sociale

Social venture

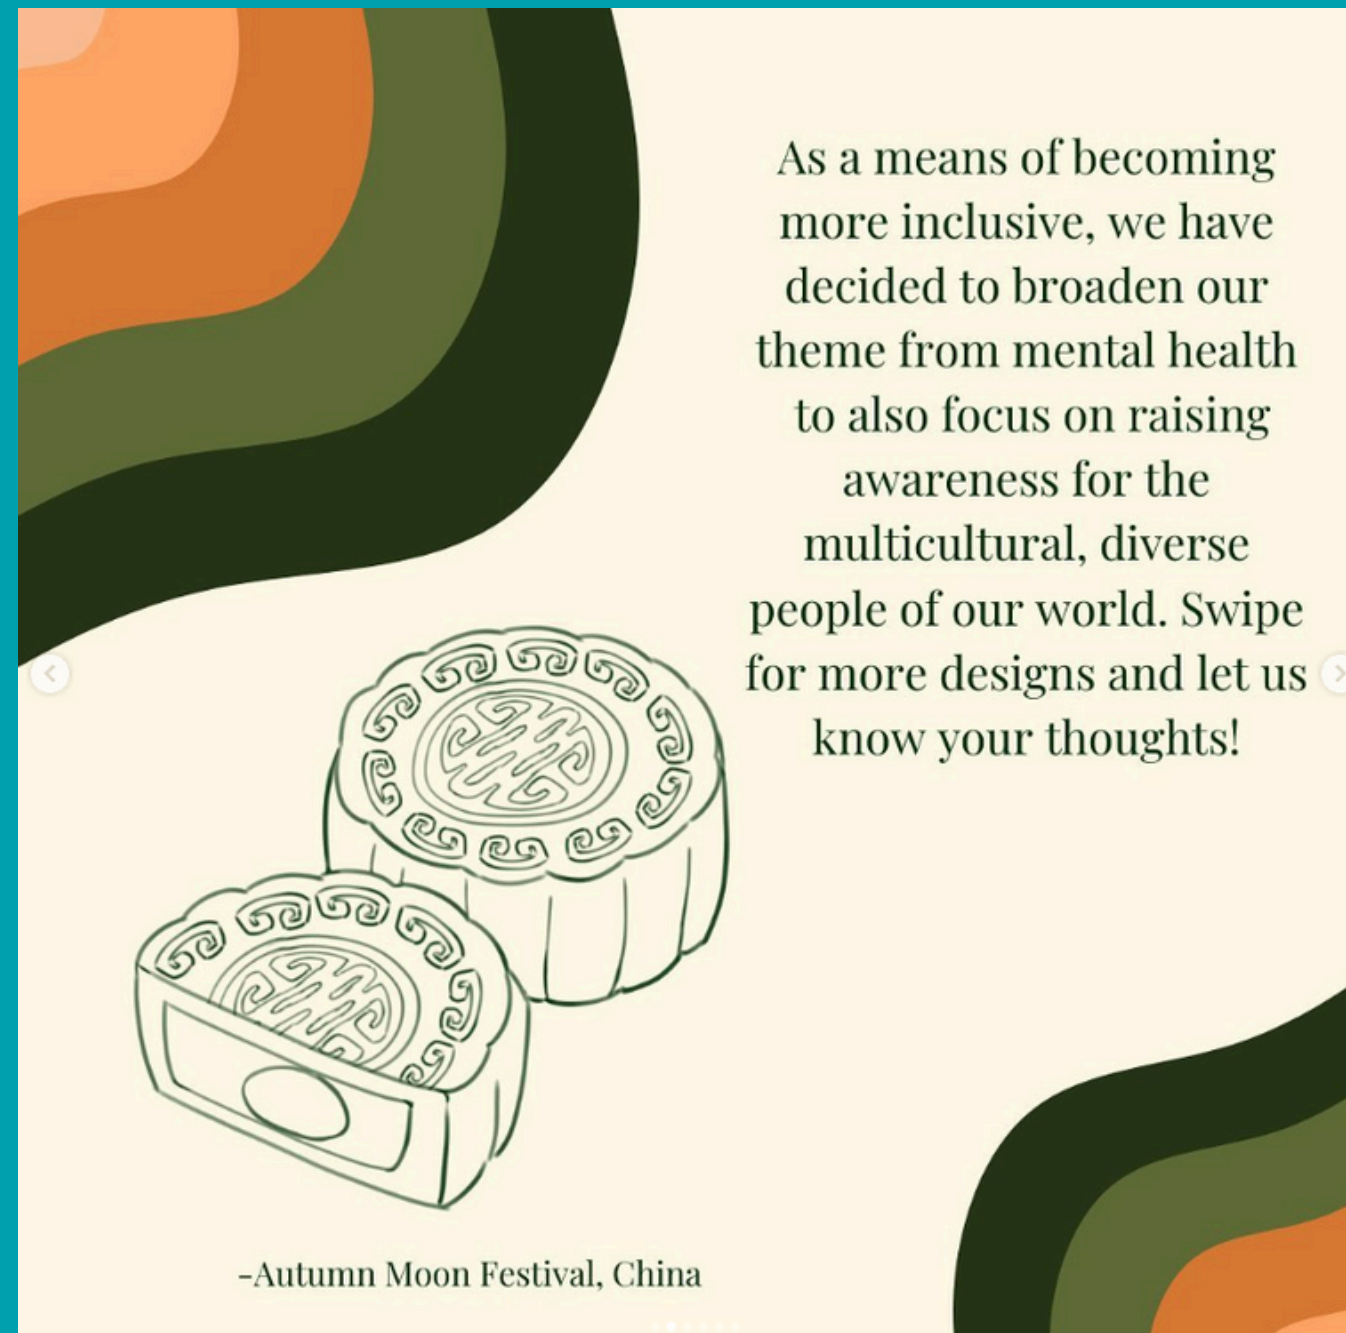

L'objectif principal de l'entreprise est de trouver des solutions à des défis sociaux tels que les émissions de gaz à effet de serre, le bien-être mental ou l'itinérance. Il peut s'agir d'une entreprise à but non lucratif ou d'une entreprise à but lucratif axée sur un objectif social.

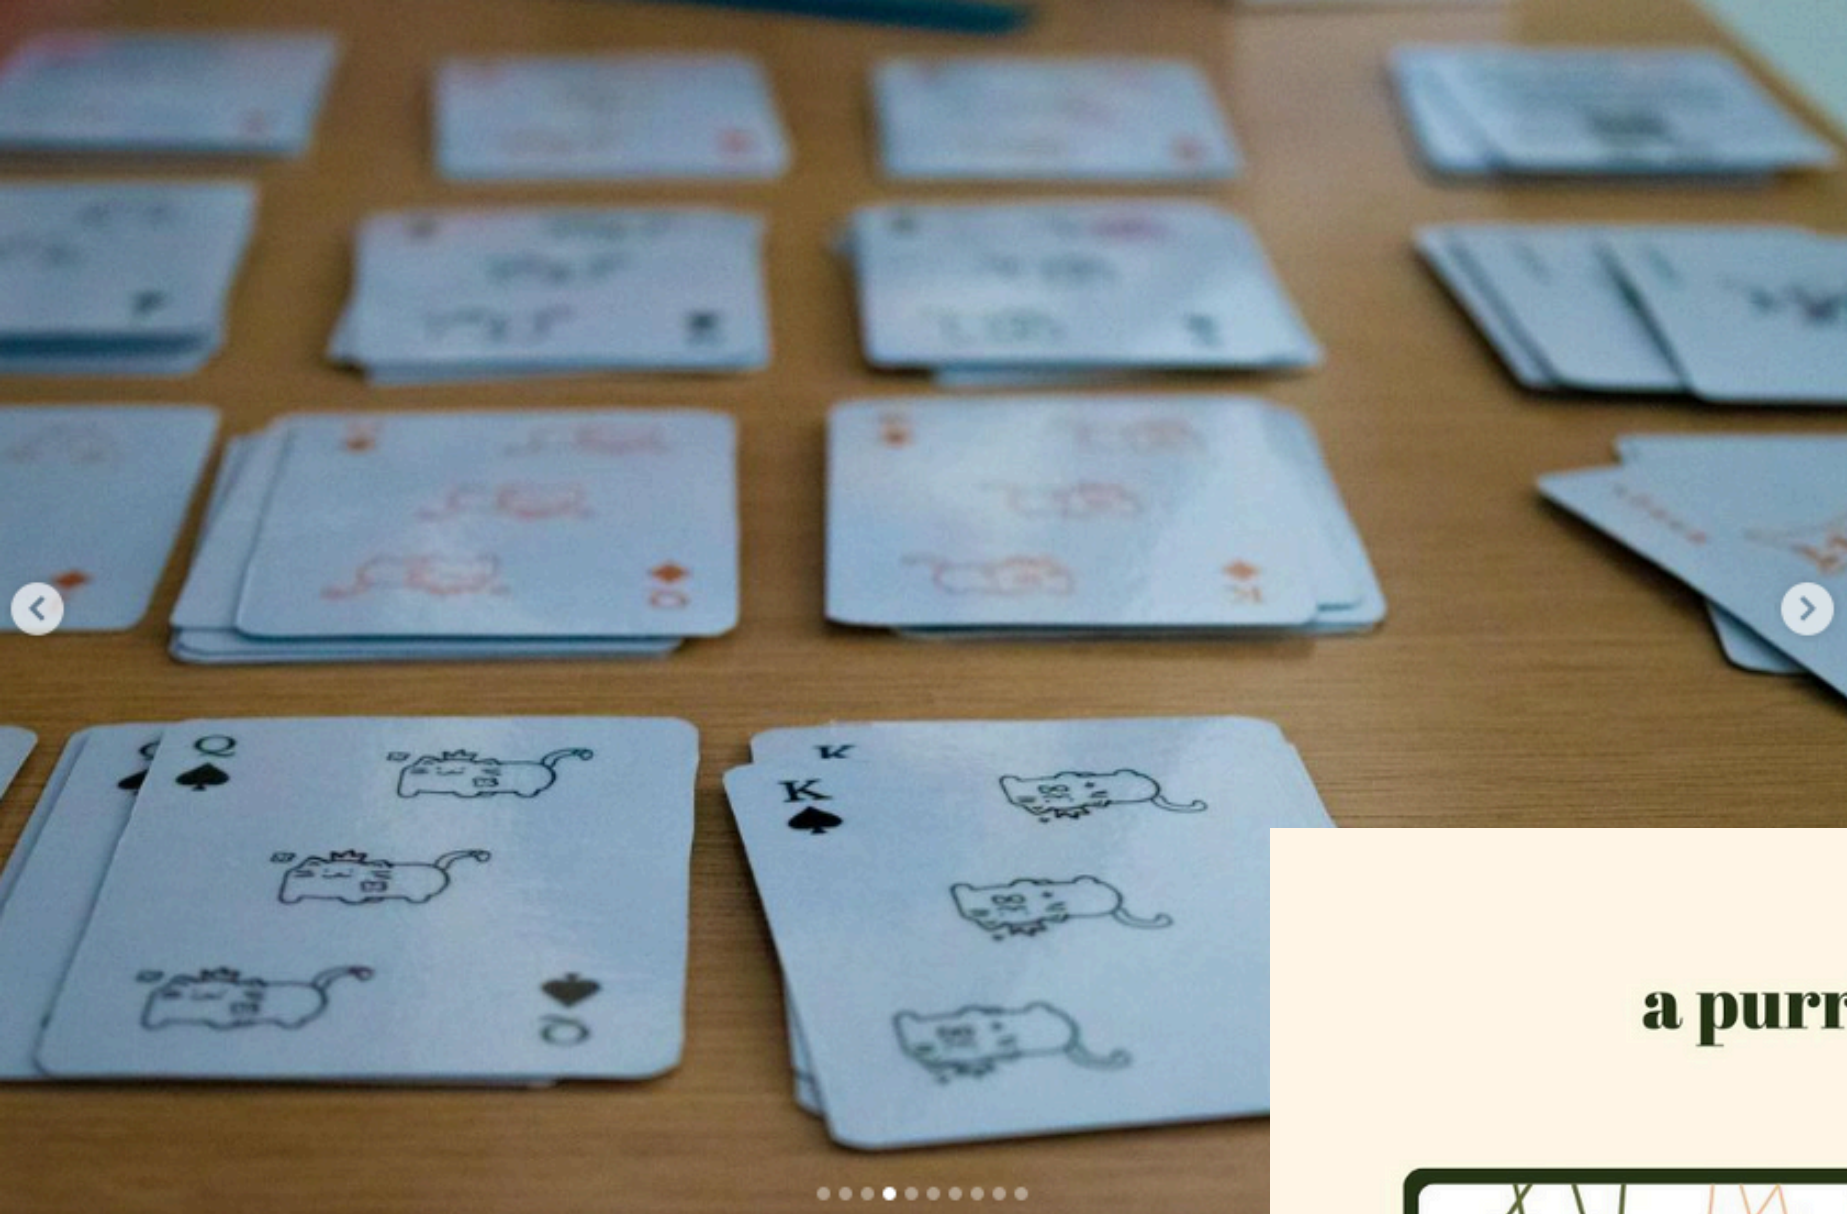

Bien que de nombreuses entreprises soutiennent des associations caritatives par la vente de leurs produits, cela ne constitue pas en soi une raison suffisante pour les soutenir. En effet, cela ne signifie pas nécessairement qu'il s'agit d'une entreprise sociale.

The primary purpose of the company is focused on developing a solution to social challenges, such as greenhouse gas emissions, mental wellness, or homelessness. It may be a non-profit or a for-profit business focused on social purpose. Although we understand many companies will support charities through product sales, that in and of itself doesn't mean the company is a social enterprise.

Deckorous (JASA) (gagnant)

Deckorous is committed to providing high quality playing cards that contribute to environmental and communal prosperity through innovative and sustainable means.

Tote for Hope (JASWO)

Tote for Hope a JA Company
"Carry for Cause"

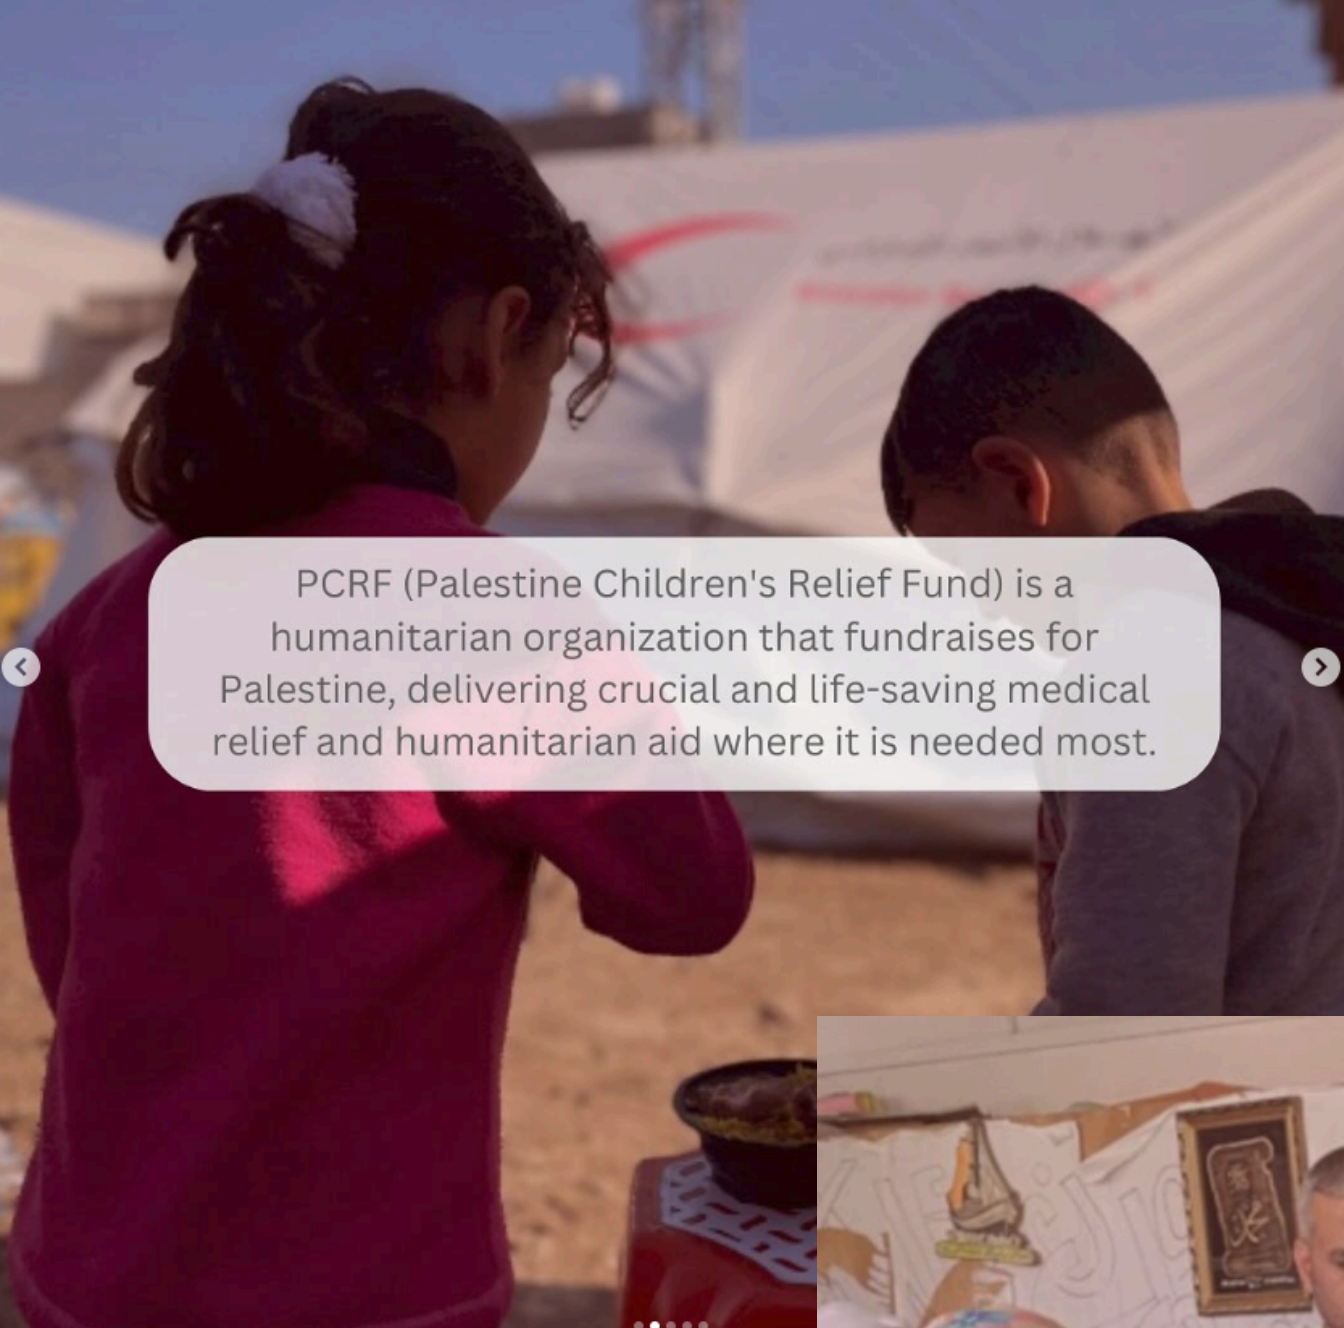

NEW PRODUCT LAUNCH

PALESTINE

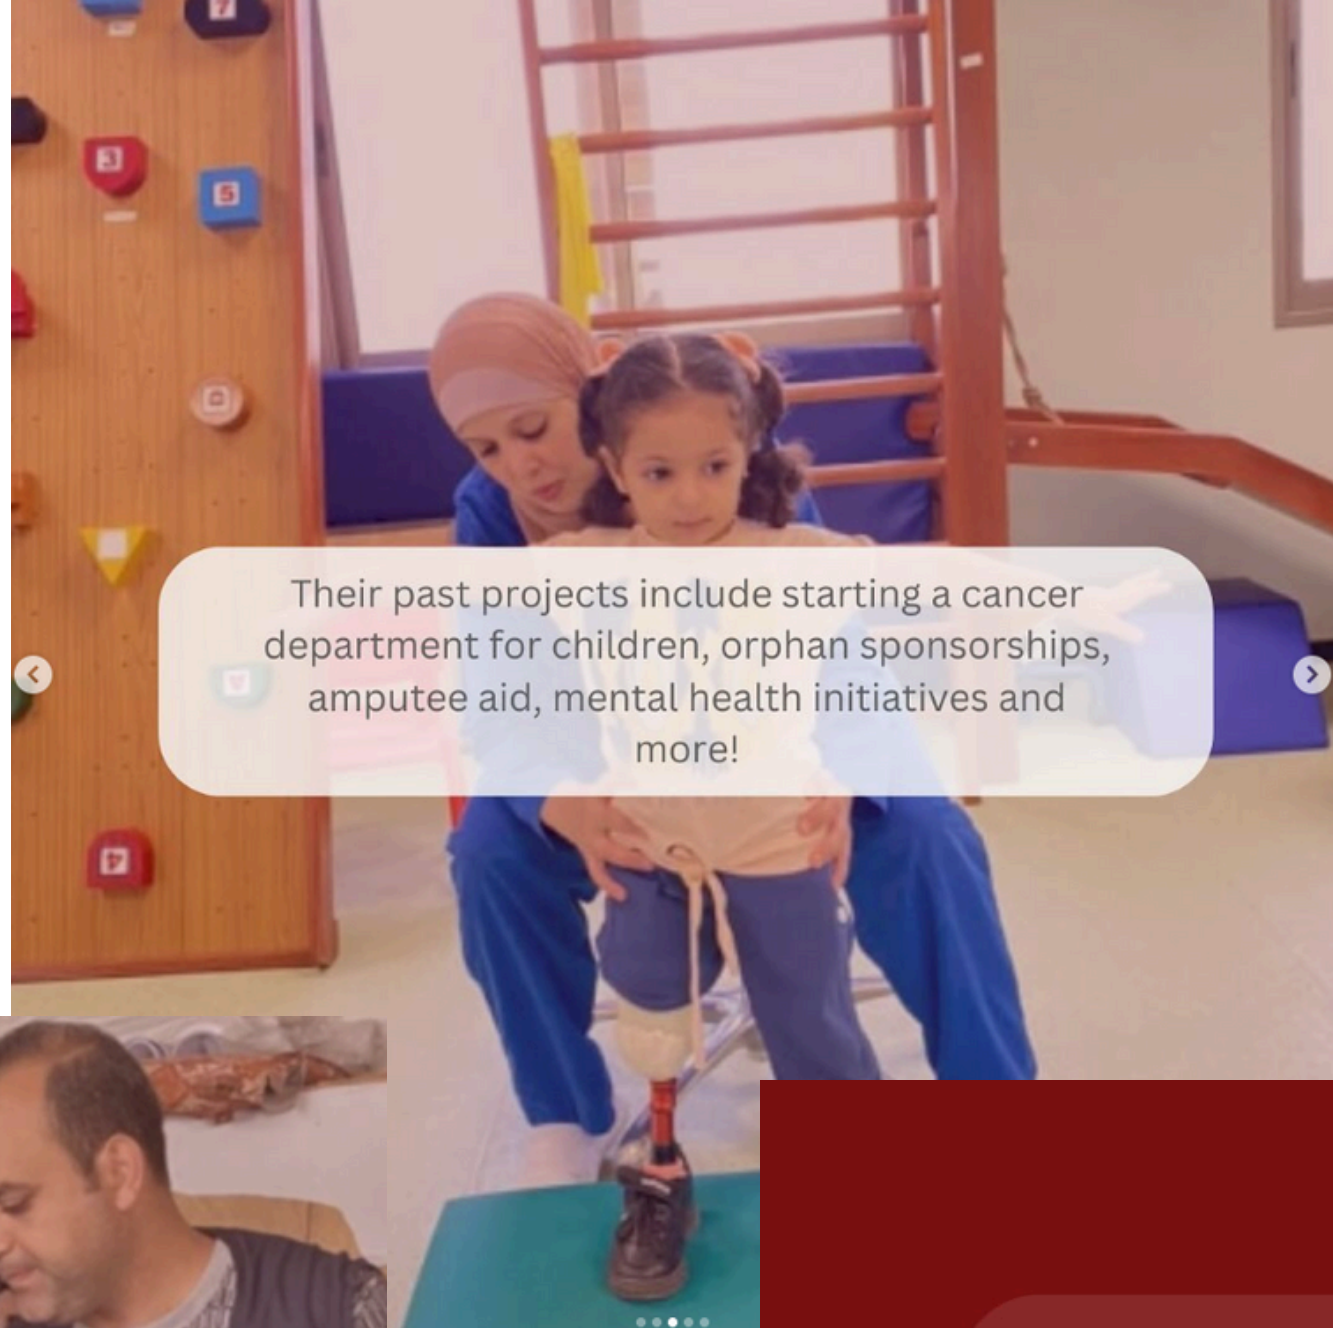

A brown paper tote bag with black handles. On the front of the bag is a black silhouette of the map of Palestine. Below the map is a quote: "Peace to a land that was created for peace, but has yet to see a peaceful day." - Mahmoud Darwish. The bag is surrounded by illustrations of olive branches and a slice of watermelon. A price tag of \$12 is shown to the right of the bag.

\$12

50% of profits go towards PCRF!

PCRF (Palestine Children's Relief Fund) is a humanitarian organization that fundraises for Palestine, delivering crucial and life-saving medical relief and humanitarian aid where it is needed most.

Their past projects include starting a cancer department for children, orphan sponsorships, amputee aid, mental health initiatives and more!

Recently they have given out 1.5 million dollars worth of food distribution towards Gaza due to the urgent humanitarian crisis and toys for displaced Palestinian children.

Our Contribution

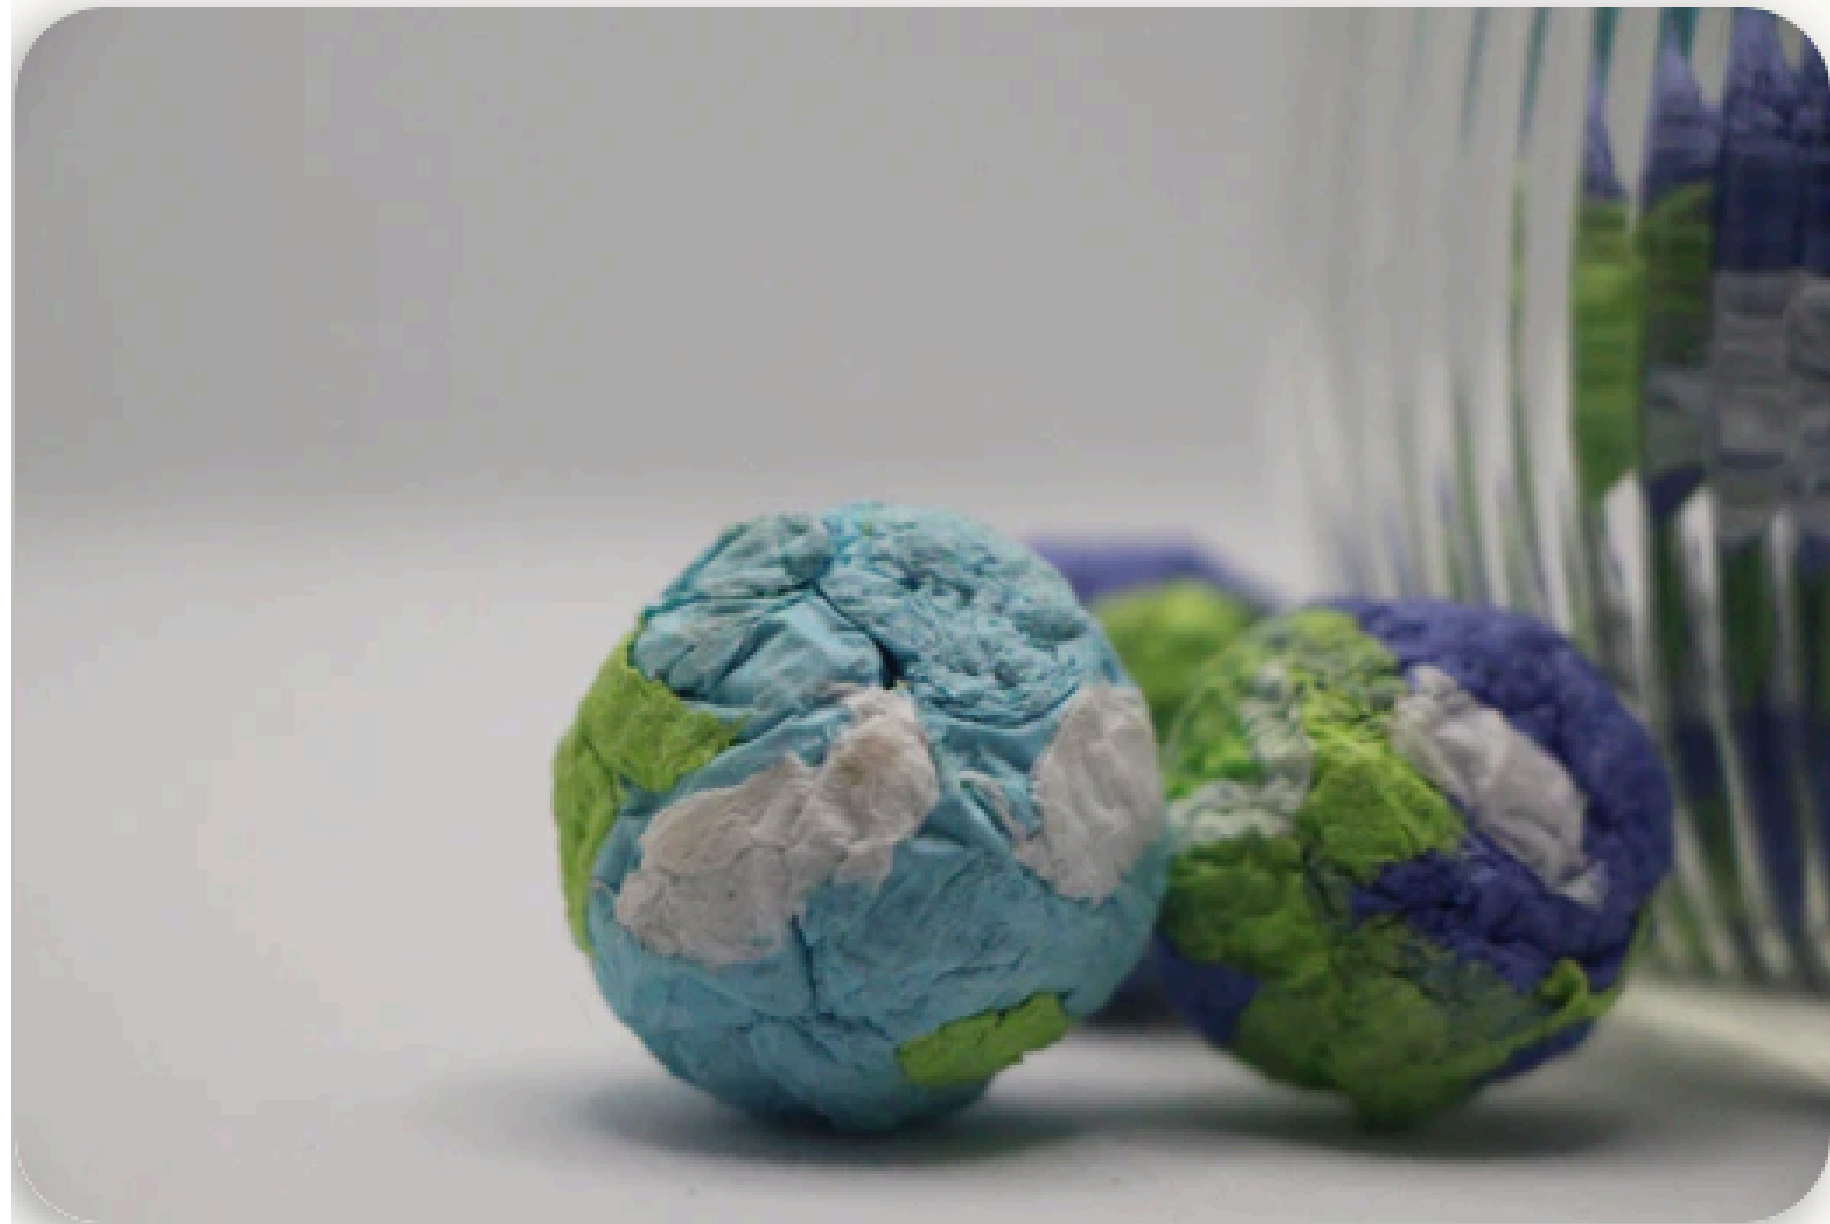

Children make up half of the population in Gaza (approx. 1 million out of 2 million) and their lives are at great risk. Tote for Hope designed Palestine-themed tote bags where 50% of net profits will go towards the PCRF.

Give a Garden (JANA)

Our mission is to work towards a greener future by bringing the garden to you. We introduce people of all ages to the joy of gardening in a fun and enticing way. By preparing all the steps for you, you are all set to garden!
