

LESSON 4:
INNOVATION
CHALLENGE 7

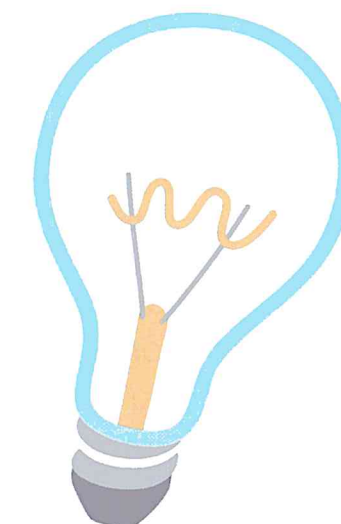

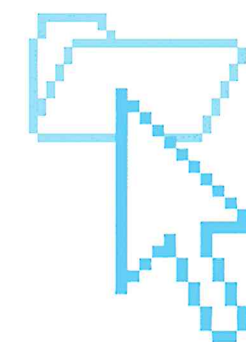

Invent something that no one has thought of before. You can make up something imaginary, or start with something that already exists and change it into something new. But you have to draw or describe your invention so that the rest of the class can understand what it is.

Your challenge is to invent something to meet this need:
Children like to play active games at home, but their games can get their house messy, and they may not want to clean up the mess. Invent a way for kids to play active games at home without worrying about cleaning up the mess.

Draw or describe your invention in the space provided
